PROFESSIONAL SUMMARY

Dopo la specializzazione in Chirurgia Generale, ho conseguito nel 2012 il titolo di Dottore in Scienze Chirurgiche traslazionali dell'apparato digerente ed epato-bilio-pancreatico. Dal 2009 lavoro presso l' IRCSS Sacro Cuore Don Calabria di Negrar dove il mio interesse professionale si è focalizzato in particolare sulle malattie retto intestinali. Nel 2019 ho affinato la mia formazione presso il St Mark's Hospital London UK grazie ad una fellowship clinico-chirurgica sull'approccio mininvasivo transanale e robotico alle malattie del retto. Mi occupo quotidianamente di cancro del colon-retto, delle patologie funzionali del pavimento pelvico, di malattie infiammatorie croniche ed endometriosi intestinale. L'ospedale in cui lavoro è struttura accreditata ACOI per l'insegnamento della chirurgia mininvasiva coloretale e centro di insegnamento chirurgico IgIBD. Organizziamo a scadenza semestrale corsi di formazione di base ed avanzata nell'ambito della chirurgia mininvasiva coloretale e di parete. Recentemente ho ottenuto l'abilitazione all'utilizzo delle cellule staminali mesenchimali nel trattamento della malattia perianale di Crohn. Faccio parte del team multidisciplinare abilitato all'utilizzo della piattaforma ENCORE in fase di accreditamento come centro qualificato ERAS Society.
